

Certificate of Field Performance

fih.ch/hockeyturf

This is to certify that the hockey field located at:

Markandeshwar Hockey Stadium,

Kurukshetra , India

was tested on 12/02/2019 by an FIH Accredited Test Institute and shown to satisfy the performance and construction requirements of a Global category field, as detailed in the FIH Hockey Turf & Field Standards (2017 edition)*.

The hockey turf installed on the field is: *Poligras Olympia CoolPlus 13/39 EL10 RW*

which is manufactured by FIH Preferred Supplier : *Polytan*

The field was built by FIH Certified Field Builder: *Advanced Sport Technologies*

DR. NARINDER DHURV BATRA
PRESIDENT

A blue ink signature of Dr. Narinder Dhurv Batra, consisting of stylized initials and a surname.

Date of certificate: 15/03/2019

The field is certified until 12/02/2022

* The results detailed in the test report show the performance of the field at the time it was tested. Failure to maintain the field in accordance with the hockey turf manufacturer's instructions may result in a deterioration in the performance and safety of the field.

FIH reserves the right to retest a certified field at any time, to verify ongoing compliance with its standards.
