

Certificate of Field Performance

fih.ch/hockeyturf

This is to certify that the hockey field located at:

*Major Dhyan Chand National Stadium - Field of Play 1,
New Delhi, India*

was tested on 18/07/2019 by an FIH Accredited Test Institute and shown to satisfy the performance and construction requirements of a Global category field, as detailed in the FIH Hockey Turf & Field Standards.

The hockey turf installed on the field is: *Poligras Tokyo GT 11-43 EL 10*

which is manufactured by FIH Preferred Supplier : *Polytan*

The field was built by FIH Certified Field Builder: *Advanced Sport Technologies LLP*

DR. NARINDER DHURUV BATRA
PRESIDENT

A blue ink handwritten signature, likely of Dr. Narinder Dhruv Batra, written over a horizontal line.

Date of Certificate: 12/08/2019

The field is certified until 18/07/2022

* The results detailed in the test report show the performance of the field at the time it was tested. Failure to maintain the field in accordance with the hockey turf manufacturer's instructions may result in a deterioration in the performance and safety of the field.

FIH reserves the right to retest a certified field at any time, to verify ongoing compliance with its standards.
